

Climb-N-Challenge™

A visually stunning hybrid between a mobile climbing wall and ropes course.

The Climb-N-Challenge™ takes the proven format of the mobile climbing wall and raises the level of adventure by adding ropes course elements. Climbers must navigate up-and-over 3 levels, each increasingly more difficult than the previous. The Tremor Ladder, Cargo Net, Tire Climb, and Rope Climb can be configured to suit the operators preferences to create a fun attraction for all ages.
